PERMIT APPLICATION FOR A DEVELOPMENT ACTIVITY IN A PROTECTED PUBLIC WATER SUPPLY AREA/WELLHEAD PROTECTED WATER SUPPLY AREA

As required under Sections 39(6) and 61(3) of the Water Resources Act, SNL 2002 cW-4.01, and Ministerial Policy Directive W.R.95-01, permission is requested for the following development*:

1.0 WATER SUPPLY INFORMATION: Name of the Protected Public Water Supply Area where development activity is proposed:

___________________________________________________________________________

Name of the city/town/Local Service District or operator of the water supply:

___________________________________________________________________________

2.0 PROPOSED DEVELOPMENT ACTIVITY: Select the type of development activity:

☐ Forestry  ☐ Aggregate Extraction
☐ Mineral Exploration  ☐ Recreational Facility
☐ Agricultural Operation  ☐ Linear Development
☐ Cottage (Application #_____________ )  ☐ Other Activity (provide details below)

___________________________________________________________________________

3.0 LOCATION: Plot the location of the proposed development and the access route on a 1:50 000 scale topographic map and provide the GPS coordinates for the proposed development:

NAD ______________________________ Zone ______________________________
N ______________________________ E ______________________________

4.0 SIZE AND VOLUME: Indicate the size of the development and/or the volume of material to be removed (if applicable):

Area of the project: (km² or ha)_____________ Volume (m³)_____________

5.0 PROJECT DESCRIPTION: Provide a brief description of all aspects of the proposed development including information on the site preparation work, the equipment to be used, the method of construction and a tentative schedule of the proposed work.

___________________________________________________________________________

___________________________________________________________________________

___________________________________________________________________________

___________________________________________________________________________

___________________________________________________________________________

*Development means the carrying out of any activity or operation on, over or under land or water for social or economic benefits or the making of any change in the use or the intensity of use of any land, water or building.
6.0 STREAM CROSSINGS /ALTERATIONS TO A BODY OF WATER: If the proposed development involves crossing of or work in a body of water (including wetland), an additional permit may be required under the Water Resources Act, specifically Section 48. Indicate the location(s) of all water crossing(s) of or work(s) in a body of water (including wetland) on a 1:50 000 scale map. Describe the type of water crossing(s) and work(s) proposed and measures to control erosion and to prevent sedimentation.

7.0 ENVIRONMENTAL PROTECTION MEASURES:
If applicable, provide information on the following:
• any site drainage work proposed and measures to control erosion and to prevent sedimentation;
• environmental protection measures to minimize adverse impacts on water quality;
• fuel storage and handling details;
• contingency plan to contain fuel or oil spills or leaks;
  (Note: Bulk fuel storage is not permitted in a Protected Public Water Supply Area)
• waste materials storage and disposal;
• human waste disposal.
  (Note: Sewage Disposal Systems must be approved by Service NL)

APPLICANT INFORMATION:
Name:  
Company/Agency Name:  
Address:  
Telephone Number:  
Fax Number:  
Email address:  

The completed application must be forwarded to the nearest regional office of the Department of Environment and Conservation accompanied by the appropriate fee. All applications for proposed developments in Wellhead Protected Water Supply Areas should be sent to the Groundwater Resources Section of the Department of Environment and Conservation in St. John’s. A permit for a development in a Protected Public Water Supply Area/Wellhead Protected Public Water Supply Area must be obtained prior to the commencement of any work.

**Application Fee Schedule**

In accordance with Section 21 of the *Executive Council Act*, the following application fee(s) must be paid to obtain a permit as required under Section 61 of the *Water Resources Act*, SNL 2002, cW-4.01:

(a) Forestry

| Commercial                      | $500  |

(b) Mineral

| Exploration                      | $200  |
| Quarry                           | $500  |
| Mining                           | $5,000 |

(c) Agriculture

| Domestic                        | $150  |
| Commercial                      | $500  |
| Other                           | $250  |

(d) Linear Development

| Distance less than 1km          | $500  |
| Distance between 1km and 5km    | $750  |
| Distance greater than 5km       | $1,000 |

(e) Cabins/Residences

| $150  |

(f) Other Developments

| Domestic                        | $150  |
| Commercial                      | $500  |
| Operation and Maintenance of Dams | $150  |
| Research/Training Exercises     | $150  |

(g) Request for Amendment of a Permit

| $100  |

Works not specifically noted above must be discussed with the appropriate Regional Office. The fee will be set based upon project cost and complexity. Please specify: ____________________________ $____

The above fees must accompany each separate application for a permit or request for amendment and the fee is non-refundable. Please enclose your cheque or money order made out to the *Newfoundland Exchequer Account* or attach a cashier’s receipt for the correct amount. **The application cannot be reviewed until payment in full has been received.**
